I. Introduction

India is a developing country and economy of our nation is growing at a faster rate. With the growth of country's economy agricultural land is required to be converted for non agricultural purposes for requirement of infrastructural development, industrial development and Urbanization. There is a procedure to be followed to change land use while developing agricultural land for non-agricultural purposes which is mentioned in Section 8-A of Orissa Land Reforms Act-1960 inserted vide Orissa Act 12 of 1994 and Orissa Land reforms Rule 1965.

Agricultural land cannot be used for residential purposes although the land may be owned by the Raiyat, which needs to be converted from agricultural to residential before any construction. Converting agricultural land to residential or any other non agriculture purpose demands conversion fee to be paid to government and necessary directives for the same to be followed before conversion.

Though most of the people of Orissa depend on agriculture and agriculture is primary source of income of the state, development of infrastructure and industry is parallel requirement for growth of economy but to a certain extent without hampering the agriculture produce. Hence, Conversion of agriculture land to non agriculture purpose is a boon.

Before proceeding to section 8-A of Odisha Land Reforms Act we need to have a basic definition of some term which will helpful in understanding the act. They are as follows:

(a) Agriculture: As per Section 2(1) of OLR Act 1960, Agriculture includes the raising of crops, grass or garden produce, horticulture, diary farming, breeding and keeping of livestock and use of land as pasture or for forest or any other purpose where such use is ancillary to agriculture.

(b) Authorised Officer: As per section 2(3-a) of OLR Act 1960, Authorised Officer means an Officer appointed as such by the state Government for the purpose of Section -8 A.

(c) Homestead: According to section 2(12) of OLR Act 1960, any land, whether or not recorded as such, ordinarily used as house site, ancillary or incidental to agriculture.

(d) Land: As per section 2(14) of OLR Act 1960, land of different classes used or capable of being used for agricultural purposes and includes homestead.

(e) Raiyat: As per Section 2(26) of OLR Act 1960, a person who is deemed to be a Raiyat as such under the provisions of this act.

II: The provisions of law as enumerated in Section-8A of Orissa Land Reforms Act, 1960

Section-8-A Conversion of agricultural land for purposes other than agriculture.

(1) Notwithstanding anything contained in Section-8-

a) The authorized officer may, where an application is made to him by a raiyat in the prescribed form for the conversion of the use of any agricultural land belonging to him for purposes other than agriculture, allow such conversion, if he is satisfied that such conversion shall not violate –

(i) Any master plan, improvement scheme, development plan or town planning scheme, made or published under the Orissa Town Planning improvement Trust Act,1956 or Orissa Development Authorities Act 14 of 1982 or under any law for the time being in force and applicable to such land ; and

(ii) Any other condition or conditions as may be prescribed for the purpose of dealing with bonafide cases of such conversions.

b) In every case where the authorised officer allows conversion of the use of the any agricultural land under clause the raiyat is required to pay conversion fees for such land, calculated at the rate specified in subsection (2) and the kissam of the land so converted shall be corrected accordingly.

c) Where the conversion of the use of any agricultural land by a raiyat for the purposes other than agriculture has been made prior to the commencement of the Orissa land reforms (amendment) Act,1993 or, where the land has been transferred by the raiyat to any other person prior to such commencement, and the transferee uses the land for the purpose other than agriculture, without paying the premium fixed therefore as per the provisions existing prior to the commencement of the Orissa Land Reforms (Amendment) Act,2006, such raiyat or such transferee, as the case may be, is required to pay conversion fees within the prescribed period and in the prescribed manner in respect of that land as calculated at the rate equivalent to 50 per cent of the rate of conversion fees specified against that category of the land in Sub-section(2) and the kissam of the land so converted shall, after the payment, be corrected accordingly ; Provided that if the conversion fees so payable is not paid within the prescribed period it shall be recoverable as an arrear of land revenue.

d) The lands which were deemed to have been surrendered to Government and settled on lease basis under the provisions of the Orissa Government Land Settlement Act, 1962, prior to the date of commencement of the Orissa Land Reforms (Amendment) Act, 2006, shall cease to be so surrendered and settled on lease basis and be held freely by the raiyat or the transferee as the case may be.

(2) The rate at which the conversion fees shall be payable per acre of agricultural land situated at different places of the State, for conversion of its use to any purpose other than agriculture on and after the commencement of the Orissa Land Reforms (Amendment) Act,1993 shall be as follows :

1	Land situated within any Municipal area or in areas within one-half kilometre on either side of such National Highways as the State Government may , by notification , specify from time to time	Rs.3,00,000/
2	Land situated in any area with in one-fourth kilometre on either side of such State Highways as the State	Rs.1,00,000/

	Government may, by notification, specify from time to time	
3	Land situated in municipal area or a notified area , or in any area notified as urban area under the Orissa Government Land Settlement Rules,1983 made under the Orissa Government Land Settlement Act 1962, other than any land mentioned in Clauses (i) and (ii) .	Rs.75,000/
4	Land situated in such developing area as the State Government may , by notification, specify from time to time, other than any area covered by Clauses (i) ,(ii) and (iii).	Rs.30,000/
5	Land situated in any area not covered by Clauses (i),(ii) and (iii)	Five percentum of the market value of such land or rupees 1000/- which over is more.

Explanation–For the purpose of this sub-section,

(a) “Municipal Act” means the Orissa Municipal Act, 1950 ;

(b) “Municipal area “means an area included in a Municipality constituted under the Municipal Act ; and

(c) “Notified Area” means a notified area within the meaning of section 417-A of the Municipal Act.

III: A flowchart depicting the procedure of conversion u/s 8 A of OLR. 1960 and Required forms

Raiyat to make an application in duplicate to the Authorized officer in Form No-25 for conversion of his agricultural land for non-agricultural purposes.

The Authorized officer registers a case.

If the land is situated in any area on which the Orissa Town Planning and Improvement Trust Act, 1956 or ODA, 1962 is in force. The Authorized officer shall refer the application in Form No-25 to the concerned Development authority requesting him to furnish its opinion within 30 days, failing which it will be deemed that the said authority has no objection for the said conversion.

The Authorized Officer, to make an enquiry through any sub-ordinate officer after giving the applicant reasonable opportunity of being

The authorized officer should be satisfied that the proposed conversion will not obstruct natural water courses thereby causing water logging of agricultural lands in neighborhood , or, obstruct water courses laid out for carrying water for irrigating holdings in the neighborhood

The said proposal for conversion is rejected if found objectionable and is allowed if found satisfactory according to the provisions of law.

Before settling the land the Authorized officer shall assess the quantum of premium to be paid in accordance to the rate prescribed u/s 8-A (3) of OLR Act, 1960.

The authorized officer shall execute lease-deed in form no-28 within a period of 15 days from the date the premium and land revenue are paid in full.

FORM NO-25

APPLICATION OF A RAIYAT CONVERSION OF AGRICULTURAL LAND FOR NON AGRICULTURAL PURPOSE

V: Conversion of Agricultural land for non-agricultural purposes under 8-A of OLR Act, 1960- A boon or Bane?

It will not be wrong to say that conversion of agricultural land for non-agricultural purposes can be seen as a bane likely for the following reasons. In an agrarian economy like Odisha, Conversion can be considered to be hazardous because of the depleting availability of land resources for agriculture.

- It is also pertinent to mention here that the Conversions are more so for commercial purposes wherein the large patches of agricultural lands are sold to real estate stake holders or builders for plotting and selling the land or construction of apartments.
- Many cases have come to light where the real estate managers go on to construct and sell apartments or houses without conversion and later on the buyer bears the wrath of the illegality done without his/her knowledge.
- Land being a limited resource and population being on an burgeoning trend, the issues of food security are likely to arise if rampant conversions of agricultural land for non-agricultural purposes are allowed.
- Land, water and minerals being finite and scarce resources, its need-based allotment to different promoters of industries is required to be made keeping in mind the

- requirement in future,. The natural resources are not factors of production (only) for industrial growth but also for agriculture production on which the food security of the country rests, and these also had impact on sustainability of environment and sustenance of livelihood of citizen.
- However, this legislation is a blessing in disguise as it promotes growth which is the key factor for the development to our nations.
- Every conversion is accompanied by the payment of a premium money along with the land revenue generated. While Revenue plays a vital role in boosting the economy of the region it can be considered as a motivator for conversion by the Government. Hence said, the premium generated on the conversion earns Revenue for the Government. The laws of remedial so ensures that cost of conversion in terms of revenue generated is more in case of companies and corporate while setting up Industries and Infrastructure and other commercial purposes than just for homestead purposes.
- The conversion facilitates the usage of agricultural land for certain development purposes which enhances employment and self sufficiency skills.
- Land has an emotive value and a lawful occupancy right bestows the owner with the pride of legally enjoying the benefits of having the Right, Title and interest. Therefore it lawfully bestows occupancy rights on a raiyat.
- The industrial and infrastructure development in turn leads to town planning and development in a certain area. Further educational institutions, (schools,medical colleges , engineering colleges, Universities etc) Roads, industries etc are all the harbinger of development, without which there can be no growth. It is through Conversion only that these parameters of growth can be undertaken and achieved. However, it is extremely important that our growth is Sustainable and Inclusive. Development should not beat the cost of defeating the interests of the marginal section of the society.
- The agricultural laborers or farmers who earn their livelihood should be protected from the hands of the corporate honchos. And the fruits of development should Trickle Down

- to the last person in the society to ensure equality in growth and development; else the paradox of the rich getting richer and the poor getting poorer shall prevail. But the OLR Act through its different clauses ensures that agriculture is not affected and enumerates restrictions which will ensure that no conversion is made if those conditions prevail.

VI: The up to date instructions issued by the Government in the matter so far;

The Government of Odisha in the Revenue and Disaster Management Department has actively taken steps to regulate the process of conversion by issuing circulars and notifications from time to time in a bid to make the process stringent and legal.

1. The Government of Odisha in the Revenue and Disaster Management Department **vide Letter No.38971 dtd.11.10.2006** enumerated the following discretions to be followed diligently while disposing the conversion cases: It specified that the Authorized officer should make or cause inquiry as per the provisions u/r 12-A OLR(General) Amendment Rules, 1997 and ensure the following aspects before granting permission.
 - ❖ The proposed conversion does not obstruct natural water courses like stream, nala, Nayanjories, or any drainage channel and irrigation channel.
 - ❖ It does not cause any inconvenience or difficulty to the neighbouring land owners.
 - ❖ It shall be ascertained for what purpose the land will be used after conversion and whether the conversion will not affect the normal agricultural operation in the neighborhood.
 - ❖ It should be seen that whether the present conversion along with the conversion already allowed will obstruct the passage of men, animals and agricultural implements.
 - ❖ It should also be seen that small scale industries set up on the converted

- ❖ land do not affect in any way the agricultural operation in the neighboring plots.
- ❖ All concerned to follow the procedure laid down in Rule 12-A of the Act meticulously and ensure that no agricultural land particularly lying in ayacut areas of irrigation projects are allowed for conversion for nonagricultural purpose without sufficient reasons.
- ❖ It is also equally important that the revenue machinery is watchful as to whether cases of conversion may be happening without valid orders under Section 8-A of OLR Act.
- ❖ All steps need to be taken to see that the conversion fees due under the Act is realized without fail.
- ❖ The authorized officer, while conducting enquiry in the field shall also verify the physical status of neighboring lands. He shall initiate cases U/S 8(1)(C) of OLR Act against such neighboring raiyats, if they have unauthorized conversion of agricultural land for nonagricultural purposes. He should appropriately dispose of such cases of neighboring lands, so that agricultural land conversion to non-agriculture purposes shall necessarily happen only after realization of conversion fees and the valid orders U/S 8 of OLR Act, but not otherwise.

2. Subsequently the Government of Odisha in the Revenue and Disaster Management Department vide Letter No.24350 dtd.03.06.2011 cautioned the authorized officers to look into the matters regarding sale of agricultural land through plotted housing schemes for non-agricultural purpose without conversion u/s-8A of OLR Act. Apart from invoking the provisions of Sec-8(1) and 8(2) of OLR act in case of erring raiyats liable for eviction for having used agricultural lands in a manner which renders it unfit for the purpose of agriculture, the Government also directed that wherever instances of builders selling agriculture lands to customers in plotted housing schemes are noticed steps should be taken to initiate proceedings for eviction u/s-8 of the OLR Act. In any other case of violation of section-8 also similar action should be taken.

3. The letter no-18125 dtd.10.06.2016 directed the applicability of sec-8A of OLR act 1960 in urban areas after coming in to force of the Odisha development authorities' amendmentact2015. The Govt. after careful consideration enumerated the following points for evolving a smooth practice and procedure in implementation of the afore-said Acts:

i) In view of the provision under sec-119(3) of Odisha development authorities' act 1982, the conversion fees at the rate provided in sec-8A of the OLR Act. 1960 shall be collected

ii. The development authorities shall intimate the layout plan, the final town planning scheme duly sanctioned by government and notified under sec-48 of ODA Act, development scheme or land pooling scheme, duly approved by the competent authority to the concerned Tahasildar for effecting correction of kism from agriculture to non-agriculture

iii. The concerned development authorities shall also intimate if the conversion of fees at the rate specified U/S 8A has been collected or not U/S 119(3) of ODA Act the copies of the fee collection receipts may be furnished to the concerned Tahasildar.

iv. On receipt of such intimation the Tahasildar shall initiate the OLR cases and after ensuring collection of conversion fees, if not collected, shall effect correction of ROR.

v. The kism of land in case of private holdings shall be recorded as Gharabari after conversion in the ROR. If the lands are proposed to be used for any other infrastructure development as per the scheme the same may be recorded as such in the ROR like road, park etc and kept in the Govt. khata.

4. respective Sub-division Headquarter tahasils for conversion of land measuring one-fourth of an acre or more than that. In these cases, the Tahasildar concerned shall initiate

the OLR case for the purpose and allow conversion with due approval of the Sub-collector. For the area measuring less than one-fourth of an acre in the Sub-division Head quarter of Tahasil, the respective Tahasildar will continue as the Authorized Officer for conversion under the OLR Act except where the local Development Authority has given permission for conversion with reference to Section-119 (3) of ODA Act as amended in the year 2015.

5. The Government of Odisha in the Revenue and Disaster Management Department vide Letter No.44549 dtd.22.12.2017 constituted a committee under the Chairmanship of the RDC (of the concerned division) in pursuance to the judgement of the Hon'ble High Court in W.P © no-8797 of 2004 and O.J.C No 6721 of 1999 for the protection, preservation and conservation of water bodies (jalasayakisam) in urban areas of the State.

VIII: Conclusion:

Agriculture is backbone of Indian economy. Population is growing at alarming position on the other side land is scarce. Father of our Nation Mahatma Gandhi, has rightly quoted **“There is enough on Earth for everybody's need, but not enough for everybody's greed”** Land being a limited resource should be preserved and used in a view to achieve sustainable development. Generally when such lands are acquired and used for industrial purposes, **a proper balance between land use for agricultural and industrial purposes has to be worked out.** The optimization of the conversion of agricultural land to industrial land in rural areas forms the bases for the sustainable development of rural areas. Moreover, the importance of the restructuring of rural areas also plays a significant role in agriculture and development of the nation and society at large.
